FIELD DEPLOYED SAM SITE,  
AGRA SAM-RELATED FACILITY,  
AGRA, INDIA

## ABSTRACT

1. A field deployed SA-2 site was observed within the Agra SAM-Related Facility [redacted] formerly Agra Unidentified Facility Under Construction, for the first time [redacted]. The full function of the facility, although SAM related, remains unknown. [redacted]

## BASIC DESCRIPTION

2. A field deployed SAM site was observed within Agra SAM-Related Facility (Figure 1) [redacted]. The site consisted of six unrevetted launch positions and an unrevetted central guidance area (Figure 2). SA-2 equipment at the facility included six SA-2 launchers, a FAN SONG F radar, five electronics van trailers, three radar transporter trailers, three van trucks, six missile transporters (one with a missile), and two prime movers. In addition to the SAM equipment, support tents were both within and just outside the facility. Three of these tents were partially beneath a large bridge-like structure.

3. [redacted] the SAM site, the SAM equipment, and the support tents had been removed from in and around the installation.

25X1

4. Agra SAM-Related Facility is on the southeast edge of Agra Airfield [redacted] on a site previously occupied by Agra SAM Training Facility [redacted]. The fence-secured, [redacted] quadrangular area contains a [redacted] bridge-like structure with a [redacted] concrete pad at one end. The bridge-like structure [redacted]

30-foot rectangular area on top. The ramps are 15 feet wide and have an [ ] incline. The area beneath the center of the structure has been paved. A [ ] possible blast deflector is on each side of the center of the structure. Two explosives storage buildings, five support buildings, and an irregular road system which serves all permanent features are also within the facility.

5. In addition to Agra SAM-Related Facility there are three other known SAM installations in the Agra area. Two of these, Agra SAM Site B05-2 [ ] and Agra SAM Site NW A14-2 [ ] [ ], are conventional SA-2 sites west of the city. Agra SAM Support Facility [ ] is at Agra Airfield near the northeast end of the primary runway.
